3D CINEMATOGRAPHY | DOCUMENTARY FILM | ANIMATION | GRAPHIC DESIGN

MAINE MEDIA WORKSHOPS + COLLEGE

WWW.MAINEMEDIA.EDU
Educational Experience  Young Artists’ days are filled with a balance of classroom and field work and include shooting on location and in the field, lectures and critiques, demonstrations, editing, writing, computer workflow and darkroom work, depending on the workshop. All of our instructors are talented industry professionals as well as experienced educators, and each one works with a teaching assistant, who provides additional support for their class. Students are busy all day and into the evening, attending presentations from visiting master faculty.

Accommodations  All Young Artists reside at a nearby residence (a motel-style building, with four students to a room, gender specific, and private bathroom) located 3/4 of a mile from campus. The property is controlled by Maine Media Workshops and is used exclusively by our Young Artists and their counselors. Students are shuttled to the main campus each morning for breakfast to begin their day and are driven back at the end of each day, following their last class or other scheduled activity.

Campus Life  Counselors supervise the students 24 hours a day and help make group decisions about weekend activities like swimming, bowling and hiking. All meals are eaten as a group. Parents can indicate any special dietary needs upon registration. We recommend students have access to $150 over the two-week period for incidentals, snacks, movies, field trips, etc. Coin laundry facilities are available on campus. A lobster dinner is served (with other choices provided) on the last Friday night of each workshop, followed by an evening presentation of highlights from the week’s work. Parents are welcome to attend on Friday nights (meal tickets can be purchased in the Registration Office).
**Young Digital Photographers (1-Week)**
Matt Smolinsky, Jun 17 - 23
Reid Elen, Jul 15 - 18
Nurture your creative vision, collaborate and dive into digital photography on the Maine coast.
Tuition: $1,595
