

YOUNG ARTISTS 2021

Join the Next Generation of Creative Professionals

Enroll in our Young Artist workshops for high school students to perfect your media skills, build your creative resume, and find your expressive voice.

PHOTOGRAPHY

Young Photographers: Photographing from Prompts (Online)

JUN 30–JUL 28 | KARI WEHRS

Explore a variety of ideas for picture making and embrace artistic challenges and uncertainties in this workshop, working from weekly assigned prompts.

Young Documentary Photography (Online)

JUL 7–AUG 11 | DANIEL KRAUS

During this mentorship styled course young artists will learn the process of documentary photography and make compelling pictures of people and places.

FILMMAKING

1-Day GoPro Cinematography & Color Grading - Young Artists (Online)

JUL 3 | DAVID MARTINEZ

This class is ideal for anyone interested in working with the GoPro Hero to capture high-quality video and take that footage to the next level through color grading.

Young Documentary Filmmakers (Online)

JUL 6–15 | TOM RYAN & CAMILLE HOWARD

Immerse yourself in the process of nonfiction storytelling, and become familiar with the exciting and growing world of the documentary!

2-Day Adobe Premiere - Young Artists (Online)

JUL 10–11 | INSTRUCTOR TBD

Gain all the necessary skills to start working in Adobe Premiere, including managing your media, creating and editing sequences, and exporting projects.

Young Animators (Online)

JUL 12–18 | BRANDON SOARDS

Explore the history of animation using your own imagination, bringing stories and characters to life as you track your creativity through the fields of animation.

2-Day Adobe After Effects - Young Artists (Online)

JUL 17–18 | INSTRUCTOR TBD

This class explores the tools of After Effects including layers, blending modes, masks, and alpha channels; as well as a number of core animation concepts.

Young Game & World Design (Online)

JUL 19–23 | CHUCK CARTER

Create an original game world to explore and amaze your friends and family! Learn fundamentals of game design, basic scripting, and asset and world creation.

Young Filmmakers (Online)

JUL 20–29 | INSTRUCTOR TBD

Discover the full filmmaking process, including screenwriting, story development, cinematography, pre-production, planning, and directing.

2-Day DaVinci Resolve - Young Artists (Online)

JUL 24–25 | DAVID MARTINEZ

Take your first steps toward a technical understanding of the art and craft of color correction and grading for digital video with DaVinci Resolve.

2-Day Young Creative Lighting for Film (Online)

JUL 31–AUG 1 | INSTRUCTOR TBD

This workshop is for young, aspiring cinematographers and filmmakers who want to delve into a wide range of lighting techniques used in professional filmmaking.

Advanced Young Filmmakers (Online)

AUG 3–12 | INSTRUCTOR TBD

This workshop picks up where the “Young Filmmakers” workshop ends and is designed for teens who already have foundational skills in the filmmaking process.

Young DSLR & Mirrorless Cinematography (Online)

AUG 7–8 | INSTRUCTOR TBD

This course is designed for high school-aged students who are interested in filmmaking and want to take their camera skills to the next level.

MAINE MEDIA WORKSHOPS + COLLEGE

IT'S YOUR STORY

“Maine Media is where I made my first documentary. It was a life-changing week of intense and focused work with an incredible group of mentors and fellow budding filmmakers.”

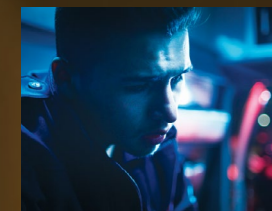

–Luke Lorentzen

Advanced Young Filmmakers, 2009
Young Documentary Filmmakers, 2008

Still from Midnight Family. © Luke Lorentzen

Midnight Family (2019) is Luke's first feature documentary out of college. It tells the story of a family-run ambulance business in Mexico City. The film has played at over 130 film festivals around the world, has won over 25 awards, and was short-listed for an Oscar nomination.
